

Position Title: Science Teacher (Grades 6–10) & CAS Coordinator

Reports to: Head of Department/Head of School

Location: German European School Manila, Philippines

Employment Type: Full-Time

Position Summary:

The **German European School Manila** is seeking an enthusiastic, dedicated, and innovative educator to join our Middle School team as a **Science Teacher and CAS Coordinator**. The successful candidate will inspire students in Grades 6–10 to develop scientific literacy, critical thinking, and a lifelong curiosity about the natural world. In addition, as CAS (Creativity, Activity, Service) Coordinator, the teacher will guide students in designing, implementing, and reflecting on meaningful experiential learning projects aligned with IB (or equivalent) frameworks.

Key Responsibilities:

Science Teacher (Grades 6–10)

- Plan, deliver, and assess engaging science lessons aligned with the school's curriculum and standards.
- Foster inquiry-based learning, encouraging students to ask questions, explore concepts, and think critically.
- Utilize diverse teaching strategies, including laboratory experiments, technology integration, and collaborative projects.
- Monitor and assess student progress, providing timely feedback and support.
- Maintain accurate records of student performance and communicate effectively with parents/guardians.
- Collaborate with colleagues to enhance the science curriculum and interdisciplinary learning opportunities.

CAS Coordinator

- Develop and implement a structured CAS program that aligns with IB (or equivalent) standards.
- Guide students in identifying, planning, and executing CAS projects that balance Creativity, Activity, and Service.
- Monitor student participation, reflection, and documentation to ensure meaningful engagement.
- Provide mentorship, support, and guidance to students throughout their CAS journey.
- Coordinate with faculty and external partners to create opportunities for experiential learning and community service.
- Maintain accurate records and reports on student CAS engagement and achievements.

Qualifications & Experience:

- Bachelor's degree or higher in Science Education, Biology, Chemistry, Physics, or a related field.
- Teaching certification/license preferred.
- Minimum of 2–3 years teaching experience at the middle school level.
- Prior experience with CAS, IB, or experiential learning programs preferred.
- Strong knowledge of inquiry-based learning and 21st-century teaching methodologies.

Skills & Competencies:

- Excellent classroom management and organizational skills.
- Strong interpersonal and communication skills with students, parents, and colleagues.
- Ability to inspire and motivate students to achieve their academic and personal potential.
- Creative, proactive, and resourceful in designing and implementing programs.
- Commitment to fostering a safe, inclusive, and collaborative learning environment.

Working Conditions:

- Full-time teaching position with standard school hours.
- Participation in school events, meetings, and extracurricular activities as required.
- Occasional supervision of off-campus CAS activities and community service projects.
